

Dear All,

Following the Government announcement today, it is with a heavy heart that I remind you of the correspondence you received at the end of November (see attached) wherein the following recommendation was made

Churches in “tier 3” areas should opt to remain closed.

Now that we are designated to become a ‘tier 3’ area, this means that we will be on ‘very high alert’ and our CLT strongly recommends that until we revert to ‘tier 2’ we cease to hold services on church premises.

Should any church leadership team wish to continue holding services, I remind you that Church Trustees remain responsible and any decision to continue services should be made following consultation with as many as people as possible.

Prayerfully yours,
Graham
